

## THE KENNEL CLUB OF JERSEY

Over the years I have enjoyed a number of happy trips to 'the friendly isles'. The Channel Islands have been organising dog shows, for over 100 years, and during that time a number of our finest show dogs have emerged to compete amongst the strongest competition in Europe and the Mainland. Breed specialist judges also are popular visitors at many U.K. SHOWS. I heard also that AGILITY also features highly on the Agenda and there are regular training classes. JERSEY one feels is a 'CANINE HIVE' of activity throughout the year.

The format of their shows runs close to those of the U.K. in which they have the closest liaison which enables both Islander's and Main Land exhibitors to travel to and from showing dogs as often as they wish. So any U,K, exhibitors who have not tried taking a week-end to show their dogs at Channel Island show, try it, and have a lovely week-end. You will enjoy the boat trip as well.

As usual the Hospitality extended to me was of the highest. Thanks to the PRESIDENT Dr. Margaret BAYES.M.B.E. and IAN HUTCHINSON, CHAIRMAN, and their great team for such a well organised event. Special mention must be made of CAROLINE SCOTT Show Manager extraordinaire well known at home particularly amongst Newfoundland fanciers. Caroline made a point of flying over specially and does a fine job as 'main ring steward'.

Some really lovely dogs exhibited today. Some absentees owing to an outbreak of kennel cough. BEST IN SHOW.THE CHIHUAHUA.BROGANSIAN TOM FORD BEAULAMAY. A smooth of the greatest outgoing character. Well balanced youngster and as sound as a bell moving in all directions. Correct top-line and tail carriage. I loved him. I hear he has already some excellent wins under his belt both sides of the Channel. Res.B.I.S. a very tight finish for the grand Irish Setter.JSY.CH.TIROEN TOO HOT TO HANDLE. Surely this is a dog that should gain his U.K.title. He has substance with quality. Excellent head and eye. What I particularly liked about him was his correct turn of stifle and powerful quarters with true parallel hocks. Some of the best hind action I have seen in this breed. Excellent front and feet. The picture completed in his excellent tail set and carriage not too high. A joy to judge. BEST PUPPY. There were several vying for the top-spot. But on the day it was the Golden Retriever Dog TENFIELD BALEYS BAY that had the decision. Particularly well reared at eight months firm front excellent feet. Excellent eye and pigment. Firm top line and strong quarters. Correct tail set enabling the tail to go straight off the back and carried correctly on the move. Promises to have a bright future. RES.B.I.S.PUPPY.TIBETAN TERRIER.MAJICHARMS LOVE IN THE MIST. I WOULD SAY WATCH THIS SPACE. This Black T.T. can go all the way. Real square build with correct balance. Moving soundly with purpose excellent jacket. A star in the making.
