### HANDLING CLASSES

A great pleasure to judge the JUNIOR and ADULT Handling Classes, with competitors from Jersey, & Guernsey. I was delighted with my entry & am pleased to say that the overall standard has steadily improved during the recent years. A big thanks to my Ring Steward, Robyn.

#### CLASS A JUNIOR HANDLER 6-11 years (4 entries)

1st Ada Simmons, handling a Papillon who listened carefully to all my instructions, was very smartly dressed, & showed all the teeth neatly & answered my questions correctly. She communicated quietly with her dog & showed excellent straight lines & tight corners. Shadowed her charge to perfection, & was always aware of where I was.

2nd Katalin Simmons, handling a Pug, was also well presented, handled smoothly & quietly, with excellent straight lines & table work. I would guess she & Ada change places quite often, such is the proficiency of their pattern work.

A bright future is assured for them both, on today's performance.
